You filed a request for correction of time credited toward the completion of your sentence pursuant to the Department's internal time credit dispute resolution process to address time credit calculation error complaints.

Your request for correction of calculation of the time credit earned toward completion of your sentence was received by the Custodian of Offender Records on **12/5/2017**. What action was taken? none yet possible

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

I smelled smoke like burnt plastic in my cell coming from outside my cell somewhere and I was forced to suffer from the smoke inhalation because there is no exhaust vents on each section of the pod to pull smoke or chemical agents out of the building. APR 20 2018  
 MAY 02 2018

Having no exhaust vents on each section of each pod on 12 Building of Michael Unit to pull bad air/smoke/chemical agents out of the building is out of compliance with Federal Law/Building Codes/State Law/etc. APR 20 2018  
 MAY 02 2018

I've had to suffer many times before because of this same problem and everyone else suffers also both inmates and prison staff APR 20 2018  
 MAY 02 2018

\* There was another fire on 4-23-2018 and I had to suffer again since there is no exhaust vents on every section of every pod on 12 Building of Michael Unit like there is supposed to be to pull smoke and gas "chemical agents" out of the building properly. Give reason for appeal (Be Specific). I am dissatisfied with the response at Step 1 because...

It neglected to resolve the issue whatsoever or give the action I requested. The response is completely dishonest. There are no exhaust systems or vents on every section of every pod on 12 Building of Michael Unit built into the ceilings of each section to pull any bad air out of the building when necessary such as smoke, rotten feces, dead animal smells, chemical agents, etc. like there is supposed to be according to Federal Law, State Law, Build Codes, Health & Safety Codes, etc.

Whatever Policy or Personal Agenda being allowed or perpetrated by C.I.D. Director Lorie Davis, Executive Director Bryan Collier, Warden Deborah Cackrell, Officer McAfee, and/or Grievance Investigators Brittany Rodriguez & Margaret Price is void under Federal Law since it directly opposes the Supreme Law of the Land. These individuals are very deliberately violating my Human & Civil Rights while acting under color of state law which greatly increases my punishment above & beyond what the State Court sentenced to on December 2nd, 2005 specifically by conspiring against my rights, obstructing justice, violating my due process rights & protected conduct of filing Grievances and seeking legal relief, violating the 8th Amendment prohibition against Cruel & Unusual Punishment, violating my equal protection of the law rights, covering up criminal activities that violate my rights, forcing me to endure a major health hazard that already has me sick and feeling terrible, etc.

All of this is being done with evil intentions & evil motives. This is all very deliberate indifference & gross negligence by all these individuals listed above.

I want video data to be reviewed and saved for litigation regarding these events. I want full relief as requested at Step 1 and money damages and injunctions to stop this illegal activity and make up for torturing me and making me suffer extremely for a very long long time...

 What was their response? Write it up ~ I don't care ~ It happens all the time ~ etc.  
 What action was taken? None...

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

On the following days and times there were fires with lots of terrible smoke on 12 Building A-Pod: 5-12-2018 at about 7pm, 5-13-2018 at about 4:30pm, 5-14-2018 at about 10:40pm, 5-16-2018 at about 10:15pm, 5-22-2018 at about 7:10pm, and 5-25-2018 at about 8:13pm... This, a very dangerous health hazard, has been going on for a very long time here on Michael Unit at 12 Building on every Pod and every section... MAY 30 2018

The problem is that there is no exhaust vents to pull bad air full of smoke, gas, or other unhealthy substances out of the building on every section of every Pod on 12 Building on Michael Unit like there is supposed to be according to Federal Law... This lack of exhaust vents on 12 Building on every Pod and every section violates several already fully established Laws such as Health Safety Codes, Building Codes, etc. and it obviously violates the 8th Amendment Prohibition of Cruel & Unusual Punishment... MAY 30 2018

I have a right to safe & humane conditions in prison, such as very good air quality to breathe and that right is being deliberately violated here on Michael Unit. Whoever the Build Inspector is that has been passing this 12 Building's inspection for a very long time now has very purposefully ignored this very obvious violation of Federal Law and even State Law for that matter in complete disregard for people's Health and Safety. So I'm forced to breath in smoke, gas, chemical agents, methane, etc. on a very regular basis and I suffer greatly from this very Cruel & Unusual Punishment and violation of Federal Law... This violation is being done deliberately with evil intentions and evil motives... MAY 30 2018

I want full relief including compensatory damages, punitive damages, criminal charges on those who deliberately broke the Law, injunctions to shut down 12 Building on Michael Unit until it meets proper standards according to Federal Law such as having exhaust vents on every section of every Pod on 12 Building on Michael Unit so the air quality is humane and safe, etc. ~ I want Video Cameras reviewed for the fires I mentioned in this complaint and data to be saved as evidence to go along with this complaint for legal action in Federal Court so they can also review the video cameras data about these fires in this complaint. MAY 30 2018

\* All these years on Michael Unit 12 Building with no exhaust vents on every section of every Pod on 12 Building is massive deliberate indifference & gross negligence.

Action Requested to resolve your Complaint.

Full relief as requested in this complaint. Video investigated for fires mentioned and saved for evidence as I pursue legal action, 12 Building shut down until it is in full compliance with Federal Law. Exhaust vents to be installed on all sections.

You must attach the completed Step 1 Grievance that has been signed by the Warden for your Step 2 appeal to be accepted. You may not appeal to Step 2 with a Step 1 that has been returned unprocessed.

Give reason for appeal (Be Specific). I am dissatisfied with the response at Step 1 because...

It neglected to resolve the issue and it was not processed properly according to Federal Law. I also specifically requested full relief and video data saved for evidence ~ my requested actions were deliberately ignored ~ Redundant? This Michael 12 Building has been out of compliance with Federal Law, Building Codes, Health & Safety Codes, etc. for decades... This is very deliberate indifference & gross negligence.

Whatever Policy or Personal agenda of T.D.C.J. being perpetrated and/or sanctioned by C.I.D. Director Lorie Davis & Executive Bryan and/or Grievance Investigators that is purposefully allowing this violation to continue unboted is void under Federal Law.

My Human & Federal Rights are being conspired against and violated by C.I.D. Director Lorie Davis, Executive Director Bryan Collier; and Grievance Investigators: Margaret M. Price, Melissa B. Vixtha, and whoever keeps passing the Building Inspections on Michael Unit 12 Building all these decades while acting under color of State law for the Texas Department of Criminal Justice which also greatly increases my punishment above & beyond what the State Court sentenced me to on December 2nd, 2005 specifically by: Conspiring against my rights, depriving me of my rights under color of law, denying me access to courts, violating my equal protection of the law rights, violating my due process & Protected Conduct of filing Grievances; leaving me in an environment that subjects me to Health Hazards and irreparable harm; campaigning against my rights with harassment-retaliation-and terror, cruel & unusual punishment, etc. ~

I want the full relief that I requested at Step 1 ~ I want all video data to be saved for evidence for litigation. I'm suffering on a regular basis due to very bad air quality. Exhaust Vents need to be installed on the ceiling of every section of every pod of 12 Building here on Michael Unit and until then this 12 Building needs to be shut down till it meets full compliance with Federal Law, etc.

You must attach the completed Step 1 Grievance that has been signed by the Warden for your Step 2 appeal to be accepted. You may not appeal to Step 2 with a Step 1 that has been returned unprocessed.

Give reason for appeal (Be Specific). I am dissatisfied with the response at Step 1 because...

It failed to resolve the complaint in Grievance #2018121095 especially due to the fact that Warden Charles O. Meador & then Capt. Jamadre L. Enge both made false statements in order to cover up a Health Hazard that is so outrageous that it is criminal in nature due to deliberate indifference & gross negligence being perpetrated by these individuals who go out of their way to obstruct justice and interfere with access to courts rights.

Leaving me et al in a Health Hazard is torture and causing me severe mental, emotional, and physical pain & suffering violates the 8th Amendments' Prohibition against cruel & unusual punishment.

My Human & Federal Rights are being violated by Warden Charles O. Meador & Capt. Jamadre L. Enge while acting under color of State law which very greatly increases my punishment above & beyond what the State Court sentenced me to on December 2nd 2005 specifically by conspiring against my rights et al, depriving me of my rights under color of law, obstructing justice, falsifying reports, ignoring the video evidence that I want reviewed & saved for litigation, letting Captain Jamadre L. Enge investigate my complaint when he is directly involved in the crimes against me on February 13th 2018, leaving me et al in a endless Hazard to our Health and lying about it, interfering with my attempt to exercise my access to Courts rights and violating my Protected Conduct of filing Grievances; Cruel & Unusual punishment by torturing me physically, mentally & emotionally with a serious Health Hazard,

violating my equal protection of the law rights by agitating my mental illness,

Also there's dust in the cells ventilation system everyday and a mold smell or fungus smell everyday in the walls of the cells... I am being forced to breathe very bad air everyday and on a regular basis that very well has carcinogens in it due to dirty cell vents, moldy walls, and no exhaust vents built into the ceilings of every section of every pad on 12 Building like there's supposed to be according to Federal Law, Health & Safety Codes, Building Codes, etc. ~ This is very deliberate indifference and is being done with very evil motives and evil intentions and I feel terribly awful with this problem on top of all the other terrible conditions and its exacerbating my mental illness.

Whoever the building inspectors are or were who keep or kept passing this 12 Building's inspection has been committing a crime the entire time by doing so. There are no exhaust vents on every section "built in" of every pod of 12 Building whatsoever!

Who did you talk to (name, title)? Lt. Magsila When? 8-11-2018

What was their response? Found me guilty of case # 20180320451

What action was taken? My 8th & 14th Admendment Rights Violated to the extreme.

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

First of all, no Psyche Clinician or caseworker ever spoke to me about this case due to my mental illness. Next Ian Davis who assaulted & battered me on 2-13-2018 never notified me of any Placement on Restriction --- he committed perjury on a official document. Then I was put on Food Loaf without any due process whatsoever as a punishment by Major Nicole Sandifer et al. on 7-25-2018 which also violates my 8th Admendment Rights by using Food as a punishment against the mentally ill for 21 meals straight. Then Sgt. Moble Sweet wrote me this case for what she falsely claimed I did in 12 Building C-Pod 31 cell. \*At no time have I ever been in 12C-31 cell ever and also at no time did I even see or speak to Sgt. Moble Sweet on 7-25-2018 or refuse to let her shut or secure a slot at all! ~ Also the Sgt. who was supposed to notify me of this case and signed the paper as if they did and signed for me as if I did --- never notified me of anything at all and so also committed perjury on an official document! --- And the cell where I was at, the slot was broken or needed repair but that had nothing to do with this case at all in the first place! ~ Then Lt. Magsila finds me guilty without daing any investigation whatsoever of the obvious facts therefore violating my due process rights and punishing me without real true justification and therefore violating my 8th Admendment rights.

On top of all that, my equal protection of the law rights were violated by all these individuals including the Psyche Department due to my mental illness. No consideration was taken whatsoever regarding my mental illness. Using Food as a punishment against anyone especially those who are disabled or mentally ill is obviously wrong and is very cruel and unusual punishment and is very hateful and disrespectful. Food should never be used as a punishment and Food Loaf is especially unconstitutional and does not meet any nutritional standards whatsoever for 21 meals straight. Food Loaf is nothing but torture.

Furthermore, this entire situation is another part of the conspiracy against my rights by prison officials & staff whom have been retaliating against me and harassing me for pursuing legal relief for the crimes against me on 2-13-2018 that were perpetrated by several employees all acting under color of state law where they stole half my property and assaulted and battered me. --- Ever since then I have been the victim of non-stop conspiracy against my rights and a full scale campaign of harassment from many levels & departments that has only exacerbated my mental illness and has made me extremely cynical of other people especially those who work for or represent T.D.C.J or Texas itself.

AUG 27 2018

Full investigation & evidence saved... Conspiracy against my rights to stop immediately! SEP 06 2018  
 Action Requested to resolve your Complaint. Stop using food as a punishment. Special consideration for mental illness. Case # 20180320451 overturned & removed from my record. Due Process Rights Honored. No more retaliation & harassment against me!

First of all no Psyche Clinician or Caseworker ever spoke to me about this case due to my mental illness. Next, Asst. Warden P. Kempt et al. put me on Food Loaf for 21 meals without any due process on 8-6-2018 which also violates my 8th Admendment Rights by using Food as a punishment against the mentally ill for 21 meals straight! That's very cruel & unusual punishment. Then, Officer M. Uwe wrote me this case for what he said I did A-35 cell --- I have never been in A-35 cell not even one single time ever! Nor did I ever see or get to speak to Officer M. Uwe. The cell where I used to be, the slot was messed up but that has nothing to do with this case at all. ~ The Same Sgt. who lied on case # 20180320451 also did the same on this case about notifying me which they did not and once again signed my name on the "offender notification signature line". Then Lt. Magsila finds me guilty without doing any serious investigation whatsoever of the obvious facts and therefore violated my due process rights and punished me with no regard to the facts of the case and so also violated my 8th Admendment Rights...

On top of all that, my equal protection of the law rights were violated by all these individuals including the Psyche Department in complete disregard of my mental illness. No consideration whatsoever regarding my mental illness. Using Food as a punishment against anyone especially the disabled or mentally ill is obviously wrong and is very cruel & unusual punishment and is being done with evil intentions & evil motives. Food should never be used as punishment. Food Loaf is not up to any nutritional standards and is unconstitutional. 21 meals of food loaf is indeed cruel & unusual punishment and is nothing but torture plain & simple & agitates my mental illness...

Seeing that this happened back to back violating my 8th & 14th Amendments Rights, it is plainly another part of the conspiracy against me by prison officials & staff who have been retaliating against me & harassing for seeking legal relief for the crimes against me on 2-13-2018 where prison staff stole half my property, assaulted & battered me, and denied me proper medical attention for serious injuries. I got punished with my food for something I did not do before I even got a chance to have my due process rights fulfilled. On my copy of that case, Lt. Glen A. Magasila found me guilty so I'm not aware of the case being dismissed at all and besides that, Grievance #2018187447 is not only about case #20180320351, it's also about 8th and 14th Admendment Violations which I clearly explained.

To punish me for something I did not do is a crime! To punish me without any due process at all is a crime! To use my food as a punishment is completely unconstitutional! And now, here goes Grievance Investigators Margaret M. Price, Monte P. Mahors, and Tammy L. Rainey violating my Protected Conduct of Filing Grievances by very deliberately interfering with my attempts to exercise my access to courts rights once again to cover up the ongoing retaliation & harassment being perpetrated against me by many prison officials & staff here on Michael Unit in a very real conspiracy against my rights et al.

When they are supposed to be cleaned each day. That is very unsanitary and violates the 8th Amendment prohibition against Cruel & Unusual punishment and it is being done to mentally ill incarcerated persons which violates our equal protection of the law rights while we are already being tortured in Solitary Confinement which is a major violation of my Human Rights and only exacerbates my mental illness. You must attach the completed Step 1 Grievance that has been signed by the Warden for your Step 2 appeal to be accepted. You may not appeal to Step 2 with a Step 1 that has been returned unprocessed.

Give reason for appeal (Be Specific). I am dissatisfied with the response at Step 1 because...

I failed to resolve the issue whatsoever. Warden Pennie R. Kempt falsified an Official Document on Grievance #2019002593 in order to cover up a serious Health Hazard. She obviously avoided saving video evidence and completely ignored AD-03.82 about Health Care Issues of a technical nature being coordinated with the Health Services Division. She straight lied about "all deficiencies being corrected immediately to maintain a clean environment"---there's nothing clean about the environment on 12 Building at all, especially on the Pods where incarcerated persons live by force. She also told a huge lie saying "All showers are being cleaned on a regular basis."

\* I want Video evidence saved after it is reviewed and compared to Activity logs for all the days I mentioned in the Step 1 Grievance here on 12 Building including A & E Pods and the others to see the truth about these showers not being cleaned whatsoever and have all Showers examined completely and then truly fix the problem. Grievances are protected by Federal Law so Warden Pennie R. Kempt is violating my Protected Conduct of filing Grievances and Obstructing Justice by falsifying an Official Response to a Complaint about a real Health Hazard that is an ongoing problem and has been a problem ever since I got to Michael Unit April of 2017 and is very cruel & unusual punishment for people with mental illness in solitary confinement...

Grievance Response:

A review of your Step I Grievance was conducted and you were appropriately advised at the Unit level. Major Sandifer reports that there are cleaning crews assigned to Administrative Segregation on for each shift to ensure showers are being cleaned on regular basis. No evidence has been found to support your claims regarding the showers on 12 building E pod. No further action is warranted.

~ Health Hazard ~

You must try to resolve your problem with a staff member before you submit a formal complaint. The only exception is when appealing the results of a disciplinary hearing.

Who did you talk to (name, title)? Every Officer in sight off & on When? April 17th, 2017 til now  
 What was their response? Don't know what else to do / Don't care / Can't help it / Quit crying / etc.  
 What action was taken? Very Unsanitary food & feeding procedures non-stop every meal.

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

\* Every single meal since I got to Michael Unit has been completely unsanitary along with the feeding procedures. Rarely is the tray carrier or food carts ever cleaned at all ~ you can see the dirt, grime, and cockroaches and even mice on them. But that's not all, the Officers et al who serve our meals regardless of if they wear gloves & hairnets or not touch a dirty filthy tray slot bar that all Officers use to open & close tray slots ~ they touch cross over doors ~ they touch other inmates' dirty filthy tray slots ~ they touch nasty crash gates ~ and all these things are touched all day, every day after Officers touch trash, escort inmates in & out of showers or recreation or lay-ins to medical --- and bathrooms and whatever else they touch like scratching their bodies or wiping sweat off their faces and then they touch our food & drink at every meal, every single day non-stop into madness --- it is seriously outrageous how unsanitary our food & drinks are due to cross contamination of germs, dirt, grime, etc.

There should be a system where one person open doors/gates and has the tray slot bar and opens and closes tray slots and that is it and all those things should be cleaned on a regular basis. The other person or people should only handle the food & drinks, the food cart & tray carrier and those items should also be clean on a regular basis after each meal and kept away from mice & cockroaches that are crawling & running around non stop!

This problem is a living nightmare ~ I've seen Officers pick their noses, scratch their behinds, wipe sweat off their faces, drop tray slot bars on the floor, and all kinds of nasty things and then hand me my tray along with everyone else too!

All this ~~is~~ claim is on video on any day at any meal you choose on any pod on 12 Building in Solitary Confinement... It's very cruel and unusual punishment to the maximum and agitates the hell out of my mental illness along with all the other terrible conditions in here to go along with it!

Anybody in their right mind would flip out in this situation but here I am surrounded by mentally ill incarcerated persons who don't have a clue how to fight for their rights and don't even know what their rights are at all so we all get violated non-stop by prison officials & staff who don't care at all about Human & Federal Rights at all as their actions prove time & time again...

Action Requested to resolve your Complaint.

Everything cleaned on a regular basis...  
All meal items cleaned always. Very Sanitary food & drinks at every meal. Officer taught about cross-contamination. A full investigation with the Health Services Division...

Give reason for appeal (Be Specific), I am dissatisfied with the response at Step 1 because...

It failed to resolve the issue whatsoever. Warden Charles O. Meador didn't do a full investigation which would include reviewing the video data from electronic security cameras to see what is really going on and/or come check on my complaint issues with a surprise visit and possibly take photographs of unsanitary food carts, tray carriers, etc.

Cross contamination is the problem along with the infestation of mice & cockroaches here on Michael Unit. These problems are still ongoing and it is straight up torture and causes me severe mental & emotional pain and suffering. This seriously agitates my mental illness.

My Human & Federal Rights are being violated by Warden Charles O. Meador while acting under color of State law which very greatly increases my punishment way above & beyond what the State Court sentenced me to on December 2nd, 2005 specifically by conspiring with the Food Services Manager et al. against my rights, depriving me of my rights under color of law, obstructing justice for unsanitary food and drinks being served, making false statements on a official document, violating my Protected Conduct of filing Grievances to cover up a serious Health Hazard, deliberate indifference & gross negligence about this Health Hazard, leaving me in a situation where I can get sick by cross contamination, agitating my mental illness, etc. with ~

You must try to resolve your problem with a staff member before you submit a formal complaint. The only exception is when appealing the results of a disciplinary hearing.

Who did you talk to (name, title)? Every On duty Officer When? 9-3-2018 to 10-8-2018  
 What was their response? Not my job / write it up / don't care / look into it / etc.  
 What action was taken? None.

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

Showers were not cleaned from 9-3-2018 to 9-5-2018 and from September 6th 2018 to October 2nd 2018. And when an S.S.I. finally does come to clean, he cleans for about 60 seconds on October 2nd 2018 and leaves. From 10-3-2018 to 10-5-2018 showers were not cleaned at all til 10:12pm that last day and the SSI cleaned for about 20 to 30 seconds and left. Nothing cleaned again til 10-8-2018 at 11:30pm when the SSI set his record at about a minute in a half cleaning the shower. Basically, the Showers are not clean at all. And also, our showers on 12 Building E-Pod 3 Section have no light and no ventilation whatsoever. There are spiders & maches in the showers and it's extremely dirty moldy and very nasty with hair, mold, fungus, dirt, scum, bodily fluids, unknown substances, rotten stench, pubic hairs, slime, grease, etc.

OCT 18 2018  
 This is an ongoing serious Health Hazard here on 12 Building of Michael Unit that has been happening for a very long time now that creates an environment where we incarcerated persons can get sick or be harmed due to cross contamination and very unsanitary living conditions. This is torture & cruel and unusual punishment that is causing me severe mental & emotional pain & suffering and also puts me in physical threat or harm. I cannot even take a normal shower without fear of getting sick or infected or fungus or disease due to the unsanitary conditions. I also have to worry about getting serious spider bites in the shower too. This is definitely agitating my mental illness, especially since I have been complaining about this problem and when I do, prison officials directly lie and make false statements on legal documents like Warden Pennie R Kempt & Major J. Enge.

On the following dates 2 times there were terrible instances of very bad air quality that has caused me major headaches, breathing problems, etc. due to the fact that there is no exhaust vents built into the ceilings of every section of every bud on 12 Building to pull bad air out quickly like there's supposed to be according to Federal & State Law :

You must attach the completed Step 1 Grievance that has been signed by the Warden for your Step 2 appeal to be accepted. You may not appeal to Step 2 with a Step 1 that has been returned unprocessed.

Give reason for appeal (Be Specific). I am dissatisfied with the response at Step 1 because...

It Obstructed Justice for an obvious major violation of Federal & State Law regarding a serious Health Hazard and an ongoing crime that is not being fixed at all that I've explained many times now most recently in Grievance # 2019019418 but these Grievance Investigators have once again violated my Protected Conduct of Filing Grievances to attempt to interfere with my access to courts rights and this also violates the rights of all Taxpayers in Society...

This complaint needs to be processed with the Office of Inspector General correctly and my requested actions granted immediately...

Health Hazard

You must try to resolve your problem with a staff member before you submit a formal complaint. The only exception is when appealing the results of a disciplinary hearing.

Who did you talk to (name, title)? Every Officer knows When? Every Single Day  
 What was their response? Can't do anything about it / Its always like that / They're everywhere  
 What action was taken? Infestation of mice, cockroaches, spiders, etc

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

Every day I am bombarded with cockroaches all over my cell and spiders of many kinds including "brown recluses" & black widows & wolf spiders and even daddy long legs all over the place in cells, dayrooms, outside recreation, etc., and then theres the dirty filthy stinking mice that urinate & defecate all over the place non stop. I see and do my best to avoid these creatures every single day but it is impossible since they can move around on their own and its easy for them all to get in my cell no matter what I do.

I've been bitten by mice several times and I've killed a whole bunch of them since I've been on Michael Unit. I Killed 4 in the last 5 days and I got empty chip bags pasted up around my cell so the roaches go inside them but can't get back out and I periodically flush them and start over but they just keep on coming like as if I'm not doing no damage to their nasty population that crawls inside my cups, my bowls, on my spoon, in my property that remains, on the ceiling and walls and every crack & cranny, in the light, in the cell door, etc and they spit, urinate, and defecate on everything non stop and when I sleep they crawl on me and I wake up with sores where they bit me in my sleep --- theres some that are small and some as big as golf ball that got flattened down and they are dark brown and can fly too.

It makes me sick dealing with this health hazard. Sometimes I wig out like Im about to lose my mind. I hate this infestation. Every where I look I see roaches in any random direction I look --- Its madness and its ~>

completely unsanitary... Mice can carry rabies every time I get bit I thought I was gonna lose my mind and I was extremely paranoid for a long time. Every mouse that comes in my cell, dies immediately. Do y'all need proof of these claims I am making before y'all try and say I'm lying or try to cover this up?? Because there's tons of evidence crawling around every single day--- I don't want anyone to think I'm lying so I am prepared to produce the evidence immediately at any time for anyone who seems to doubt my truthfulness of this situation--- Just let me know and I'll get it ready for any one of y'all that ask or who tries to cover this up because it's a serious Health Hazard--- Mice, roaches, and spiders.

Action Requested to resolve your Complaint:

\* Stop this infestation of mice, cockroaches, and spiders on 12 Building or shut 12 Building down. Investigate with Health Services Division.

Who did you talk to (name, title)? Every Officer in sight. When? From 8-10-2018 up til now  
 What was their response? A bunch of cells are like that on one row / Nothing we can do / etc.  
 What action was taken? Cell flooded out real bad every single time it rains.

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

In 12 Building E-Pod 33 cell From 8-10-2018 up til now, every time it rains my cell gets completely flooded out with rain water that smells like mold & fungus & cockroach feces and it is full of dirt. Most recently on the following days: 10-9-2018, 10-10-2018, 10-14-2018, 10-15-2018, 10-16-2018, 10-17-2018 "real bad because a pipe burst while it was also raining", 10-18-2018, 10-19-2018, 10-20-2018, 10-23-2018 --- I went on medical chain and came back to the same cell and here it flooded out again on 10-31-2018 and 11-01-2018.

It's seriously insane and extremely miserable... I'm writing this in a flooded out cell and I can't get no cleaning supplies at all so I'm forced to live in unsanitary conditions and very bad living conditions which is torture and causes me severe mental pain and suffering on top of all the other Human Rights violations I'm being forced to endure as can clearly be seen by looking at my Grievance File since February 13th 2018 up til now.

Action Requested to resolve your Complaint.

Fix all cells that get flooded out when it rains. Pass out extra cleaning supplies. Close down deficient cells until completely fixed. Stop torture.

Who did you talk to (name, title)? Every Prison Official/Staff in sight <sup>NOV 10-11-2018 to 11-13-2018</sup>  
 What was their response? Negative... That's what these fans are for <sup>I know</sup> Can't do anything  
 What action was taken? Torture with very bad air quality on a regular basis

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

On the top of everyday mold in the walls and dust, on the following dates and times the air quality was extremely bad due to fires, smoke bombs homemade, fumes, chemical agents, etc. : All 2018 ~ 10-18 "all day smoke & fire, 10-14 "7pm Fire", 10-16 "1:40pm Fire", 10-17 "5:04am Fire", 10-17 "11:31am Gasoline Fumes", 10-22 "1:45pm Fire", 10-22 "8:35pm Fire", 10-26 "2:24pm Fire" & "3:17pm Chemical agents", 10-27 "12:35 am Fire", 10-27 "6:40pm Fire", 10-28 "5:34pm Fire", 10-29 "8:40pm Fire", 10-31 "4:20pm Terrible Fire & smoke all night", 11-1 "10:53am Fire" & "10:33pm Fire", 11-3 "8pm Fire & all night smoke", 11-4 "4:05pm Fire", 11-6 "3pm Fire", 11-8 "12:54pm Fire", 11-9 "8:18am Fire", 11-10 "All Night Smoke & chemical agents", 11-12 "1:41pm Fire", 11-12 "2:33pm Fire", and 11-13 "1:27pm Fire" ~ all on 12 Building E-Pod that I was fully aware of

Aside from the mold in the walls & dust in the vents this problem is because there's no large exhaust vents built into the ceilings of each section of every Pod here on 12 Building of Michael Unit to pull bad air out of the building in case of fires & smoke, chemical agents being used, feces or dead animal smells real bad or even gasoline fumes or carcinogens like there is supposed to according to Federal & State Law... Building Inspectors have been passing the inspection of this Building with very deliberate indifference to a very obvious & serious Health Hazard illegally for a long time now and therefore have directly participated in a conspiracy to violate the rights of all incarcerated persons including myself here on 12 Building of Michael Unit along with Wardens, Grievance Investigators, et al. and by doing so they have implemented torture on all of us incarcerated persons by allowing

this Health Hazard to continue unabated...

All involved Prison Officials & Staff and Building Inspectors are causing severe physical, mental, and emotional pain & suffering to me and all other incarcerated persons here on 12 Building on Michael Unit both now and over the many years this major violation has been committed by all involved authorities & individuals acting under color of State law here on Michael Unit. All of which has been done deliberately with evil intentions & evil motives... This agitates my mental illness to the extreme and causes me endless major headaches and sinus problems that no medication can fix...

Very Good Air Quality for me... A Full investigation with O.I.G. & the Health Services Division... Action Requested to resolve your Complaint. Shut down 12 Building until it is in full compliance with Federal Law & State Law. Review security video footage & save data for litigation to my file. Install exhaust vents on 12 Building

There's an ongoing Health Hazard of an Infestation of mice, cockroaches, and spiders here on 12 Building E-Pod. I recently wake up, grabbed my white commissary cup and went to remove my spoon out of the cup so I could go get some water out the sink but as I removed the spoon I noticed some little black pellets on the spoon and in the cup---after further inspection I realized that it was mouse feces! I was disgusted and went on a rampage cleaning my cup & spoon! And at the same time I can look around my cell and see cockroaches on the walls, ceiling, floor, door, steel, and in my property at any given time. Then there's spiders in every crook & cranny. I have to keep an eye out for any brown recluses or black widows... Between those 3 creatures, this environment is unsanitary, nasty and very cruel & unusual punishment that makes me angry and paranoid of sickness & poisoness bites... I'm very agitated about this problem on top of all the other awful conditions here on 12 Building on Michael Unit... Prison Officials & Staff keep lying non-stop about this situation that has been ongoing since I got here April of 2012 on Michael Unit...

This problem needs to be fixed real bad!

You must try to resolve your problem with a staff member before you submit a formal complaint. The only exception is when appealing the results of a disciplinary hearing.  
 Who did you talk to (name, title)? On Duty Officers When? Up til now  
 What was their response? Negative / Don't know what else to do / Aint got no choice / etc.  
 What action was taken? Unsanitary Food & Drinks due to cross contamination...

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate.  
Everyday at every meal regardless if they have on clean gloves or not, they touch dirty, filthy nasty crossover doors, tray slot bars, crash gates, and cell doors & slots all around the Building & pods that have been also touched by many others and not cleaned and also touched after touching trashcans, escorting inmates to & from showers / dayrooms / lay-ins / etc. and then after all this cross contamination, they touch our food trays & drink jugs / pitchers and spread all types of dirt, germs, feces, urine, bodily fluids, etc. by hand through cross contamination...

This environment is completely unsanitary and theres mentally inmates who are extremely nasty and plenty others who throw bodily fluids that are rotten. There is bodily fluids on a bunch of inmates & their cell slots that never get cleaned. Theres a whole bunch of inmates who never clean their bodies and won't without force or coercion or some persuasive gift or reward and that never happens but once in a blue moon...

On top of all that on a regular basis, I witness Prison Staff picking their noses, scratching their private parts & buttocks, picking stuff off the dirty floor, wiping sweat off their faces, sneezing into hands or right over food & drinks, coughing all over the place, etc. While serving food & drinks... Then between meals the Juice Buckets & Pitchers and tray carriers just sit around on the dirty ground or on a cart for mice & cockroaches to eat the scraps or crumbs and that's insanely nasty on top of all the rest of this madness in Solitary Confinement... All of this unsanitary food & drinks and cross contamination is pure torture...

and very cruel & unusual punishment and makes me feel sick inside and causes me enormous mental & emotional pain and suffering which all agitates my mental illness. These Prison Officials & Staff don't care at all about the Human Rights of incarcerated persons here on Michael Unit and they sure as hell don't care about the mentally ill incarcerated persons here at all!

\* At least one or 2 Staff while feeding food & drinks should only touch food & drinks and nothing else while another Staff member touches everything else like bars, slots, doors, gates, etc. ~ All this stuff I wrote about is on security concerns at all meals every single day.

The 12 building supervisor reports that the area is cleaned each day by an offender work crew. Pest control treats all housing areas regularly in an effort to control the pest population. No policy violation noted.

You must attach the completed Step 1 Grievance that has been signed by the Warden for your Step 2 appeal to be accepted. You may not appeal to Step 2 with a Step 1 that has been returned unprocessed.

Give reason for appeal (Be specific). I am dissatisfied with the response at Step 1 because...

it failed to resolve Grievance #2019041793 or grant any of my requested actions nor did the response have any truth to it. Nothing in the area of food & drinks is cleaned each day nor does pest control treat all housing areas regularly in an effort to control the pest population. The response by Warden Charles O. Meador is completely false and avoids all the major points of my serious complaint along with ignoring video evidence that I clearly requested to be reviewed & saved for litigation.

There's nothing sanitary about the current feeding procedures that are actually being used. Cross-contamination is a serious problem and so is the pest population with mice & cockroaches. Anyways, Warden Charles O. Meador has deliberately violated my Protected Conduct of Filing Grievances this time to try and cover up a serious Health Hazard that is ongoing at every single meal. This exacerbates my mental illness and makes me paranoid about my food & drinks. It's nasty how the food & drinks are handled every day and completely unsanitary.

-Torture-

You must try to resolve your problem with a staff member before you submit a formal complaint. The only exception is when appealing the results of a disciplinary hearing.  
 Who did you talk to (name, title)? Every Ranking Officer in sight When? From 11-05-2018 up til now 11-29-2018  
 What was their response? Will look into it / waiting on order / Its fixed already / etc.  
 What action was taken? No hot water on E-Pad in Showers & in cells for almost a solid month.

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

I have told every Officer in sight and Ranking Officers such as Captain Caba, Lt. Eldrick Bimbw, Major Vernon Allen, Sgt. John Holmes, etc. since November 5th, 2018 that the hot water does not work on 12 Building E-Pad in the Showers & cells at all and even spoke with Officer Rodney L. McAttee who does maintenance 10:20 issues and all of them have come up with a wide range of responses about taking care of this problem but nothing has been done at all to fix the problem. I was even told the problem is fixed when nothing has been fixed at all and a large group of people incarcerated back here in 12 Building E-Pad have been complaining but nothing is being done at all and it is cold weather and it directly affects hygiene issues and forces us to endure cold showers or cold bird baths in the cell which is very cruel and unusual punishment and very seriously agitates my mental illness and does cause me severe mental, emotional, and physical pain & suffering. No incarcerated persons including myself should be subjected to cold showers and no hot water especially during cold weather and the problem is ongoing right now and has not been fixed yet... It is making me very angry and extremely frustrated to have to suffer like this on top of all my other complaints. I'm working on ~ its miserable torture and needs to be fixed immediately.

NOV 30 2018 Note Added on 12-11-2018 ~  
Finally the water got partially fixed so that we incarcerated persons get warm water on 12-10-2018 after a solid 37 days of absolute misery and suffering and the Grievance Investigators consider this to be a Regular Grievance about some everyday small time Regular complaint. They are Serious Human & Civil Rights
